

# Good neighbourliness offers added value for everyone!

If you observe the following rules, you will get along better with your neighbours and thus improve your own quality of living..

If you are organising a party, let your neighbours know in advance. This helps to prevent any annoyances.

Respect the living needs of your neighbours and offer help to older residents, for example.

Before you contact us with a complaint, try to solve the problem by talking to your neighbours, as this is often a quicker way to restore a friendly atmosphere in your home.

If you have a serious complaint, please send it to us in writing. This is the only way we can deal intensively with your problem.
